

# Printable Ring Size Guide

1. Print this guide with page scaling set to **100%**.
2. Place a ring that you already own (or have borrowed, if this is a surprise engagement or gift) over the circles below.
3. Match the **inside of the ring** to the **outer edge of the circle** nearest in size and do not include the width of the metal.
4. Half sizes are available if your ring falls between two sizes. Our team are always on hand to help - simply send a photo of your ring on the sizing printout to [info@rachelboston.co.uk](mailto:info@rachelboston.co.uk).

If the height of a credit card (54mm) fits inside this line, your print scale is correct.
